

REBIRA OLI NEGASSA

Software Engineer

✉ rebiranegassa24@gmail.com ☎ +251 975231930 📍 Addis Ababa, Ethiopia 🔗 LinkedIn 🐙 Github 📁 Portfolio

EDUCATION

- Bachelor of Science in Software Engineering**, Addis Ababa Science and Technology University 📍 Jan 2023 – Jun 2027
Addis Ababa, Ethiopia
- **CGPA: 3.62/4.0**
 - **Relevant Coursework:** Distributed Systems, Machine Learning, Data Structures & Algorithms, System Design & Analysis, Database Systems, Operating Systems, Networking.
- ALX Software Engineering Program**, Specialization in Back-End Web Development Feb 2025 – Sep 2025
Addis Ababa, Ethiopia
- **Surpassed 1,200+ hours** of intensive coding, focusing on **Python, Django, and SQL** to build production-grade backend systems.
 - **Constructed 5+ full-stack projects** utilizing REST API architecture and database optimization.
- GDG On Campus AASTU**, Node.js Track Jan 2025 – Jun 2025
Addis Ababa, Ethiopia
- **Mastered** full-stack MERN development through intensive technical training, specializing in **Node.js** server-side logic and **Express.js** middleware integration.
 - **Architected** and deployed scalable web applications featuring **RESTful API** design, **MongoDB** schema optimization, and secure user authentication.

PROFESSIONAL EXPERIENCE

- Django Mentor**, GDG On Campus AASTU - Hybrid Nov 2025 – Present
Addis Ababa, Ethiopia
- **Mentoring 40+ students** in backend architecture, resulting in a **90% completion rate** for complex database interaction modules.
 - **Trimmed average student debugging time by 30%** by deploying standardized teaching protocols for **CRUD operations** and DRF.
 - **Supervised 15+ weekly code reviews**, auditing and resolving over **100+ logical errors** across various student repositories.

TECHNICAL PROJECTS

- AI Mood Companion**, AI & Full-Stack Developer Feb 2026 – Present
- **Engineered** an end-to-end NLP pipeline using **Scikit-learn**, implementing **TF-IDF vectorization** and **Logistic Regression** to achieve high-accuracy emotion classification from user text.
 - **Architected** a high-performance **FastAPI** backend to serve ML model inferences with sub-100ms latency, enabling real-time emotional feedback within a **Flutter** mobile interface.
 - **Implemented** a privacy-centric local storage system using **shared_preferences**, ensuring 100% of sensitive user mood data remains on-device while maintaining efficient state management.
 - **Tech:** Python, Scikit-learn, FastAPI, NLP, Flutter, Dart, Uvicorn.
- Gemstone Polishing Machine Platform** 📍, Full-Stack Developer Dec 2025 – Jan 2026
- **Automated 100% of service requests** by building a Django-based platform, eliminating manual data entry for industrial orders.
 - **Fortified system security by 40%** through the implementation of session-based authentication and **CSRF protection** protocols.
 - **Boosted frontend performance by 25%** using **React + Vite**, achieving an optimized Lighthouse score for industrial workflows.
 - **Tech:** Django, Django REST Framework, React, Vite, Axios, SQLite.
- Social Media API** 📍, Full-Stack Developer Jul 2025 – Aug 2025
- **Refined API response times by 35%** through **server-side pagination** and token-based authentication.
 - **Engineered 12+ REST endpoints** supporting profiles, posts, and search features for a scalable user-base.
 - **Tech:** Django, Django REST Framework, Python, Bootstrap, PostgreSQL.

SKILLS

Languages & Databases — C++, Java, Python, JavaScript, TypeScript, SQL (PostgreSQL, MySQL), NoSQL (MongoDB).

Frameworks — Django, Django REST Framework, Node.js, Express.js, React, Spring Boot, FastAPI, TensorFlow.

Technical Concepts — REST API Development, CRUD, MVC Architecture, Database Design, Microservices, Clean Architecture, Git.

ACHIEVEMENTS

- National Ranking** 📍
Placed in the **Top 2%** of 2022 National Examination candidates (Natural Science stream).
- Leadership**
Directed logistics for **500+ attendees** at **AASTU TECH FEST 2025** as a lead volunteer.
- Outreach**
Orchestrated community event logistics for a local Outreach Team, reaching **200+ individuals**.
